~Part of An Address to S. Sesub Bin-ta Banarjee, at RI Assembly

Some of us have been Rotary members for a long time, some for a few years. We are here to make this meeting a success for everyone. At this assembly, the most important thing is not the diversity of languages, not the nationalities, not the customs. The most important thing is to be sincere, to be friendly, and to be sincere. It is to get to know each other. A friendly smile, an extended hand, a sincere affection brings hearts together and creates true friends. That makes it possible.

I remember when I came to a meeting like this, many years back, when I was in Kalan as a general manager. I learned something from all my friends, and my experience tells me that everyone in this room has something important to share. I am sure we all will learn from each other and that there will be a time that we will meet again!

When Kalan was a general manager, if he had read the letter that he wrote "If Bin-ta cannot come, then it is not an official visit!" It is a statement that Rotarians in management should take as a lesson.

As Kalan said, "The most important service is to be sincere. Rotary is a demonstration of talent, intelligence, and an incredible effort to be better."

18 Club members Rotarians attend the meeting on 22 February. We missed the following: Catherine, David B, Ja, President Alan, Catherine, Mac, Stefan, Kim, C. Antal, David S, John, and Ari. Visiting Rotarians: Mart Douglas and Michael Serf. Rotary Club of Stratford Sunrise. Guests: Pieter Voster and Michael Linton.

Birthdays: 4 C. Antal, 22 Debbie, 26 Kurt. Anniversary: 5 Stefan and Annemarie, 23 Ari and Caser. Best wishes to all from the club.
