**February is the month that all Rotarians celebrate Rotary's birthday on the 23rd, which has been designated World Understanding and Peace Day. One of the Objects of Rotary is to promote world peace and understanding all over the globe.**

## Glacier Grannies, Stephen Lewis

Our speaker on Tuesday was Marianne Muir, a member of Glacier Crannies a group of local grandmothers who have been raising funds to support the grandmothers in countries in Africa who are raising their orphaned grandchildren whose parents died due to

HIV/AIDS. The Glacier Grannies raised \$44,000 in partnership with the local quilters group as part of the \$150,000 raised last year for the Stephen Lewis Foundation. As many as 13 Million children have been orphaned by AIDS in Africa. Grandmothers bury their adult children and step into the breach, caring for the orphaned children left behind. They have no time to grieve the loss of their children, little to no money, deteriorating health and limited support. Canadian grandmothers have connected with these African grandmothers through the 200 caring groups who have raised more than \$4 Million to help their African counterparts through the Stephen Lewis Foundation. Marianne showed a touching DVD of one grandmother's story in Zambia, a woman who lost three of her sisters and a brother to AIDS.

### Historic Moments -- Rotary's 104th Anniversary

During the first Rotary club meeting on 23 February 1905 in Chicago, Paul Harris, Gustavus Loehr, Hiram Shorey, and Silvester Schiele met to talk about their personal experiences. Harris then unfolded his general plan for their club meetings.

This was the simple beginning of the world's first service club, the Rotary Club of Chicago. It was created because of Harris' wish to capture in a professional club the same friendly spirit he had felt in the small towns of his youth. The Rotary name derived from the early practice of rotating meetings among members' offices.

Rotarians continue to take pride in their history. In honour of that first club, Rotarians have preserved its original meeting place, Room 711 in Chicago's Unity Building, by re-creating the office as it existed in 1905. For several years, the Paul Harris 711 Club maintained the room as a shrine for visiting Rotarians. In 1989, when the building was scheduled to be demolished, the club carefully dismantled the office and salvaged the interior, including doors and radiators. In 1993, the RI Board of Directors set aside a permanent home for the restored Room 711 at RI World Headquarters in the Chicago suburb of Evanston.

## Chuckle Corner

### **The Lighter Side of Life**

While I sat in the reception area of my doctor's office, a woman rolled an elderly man in a wheelchair into the room. As she went to the receptionist's desk, the man sat there, alone and silent. Just as I was thinking I should make small talk with him, a little boy slipped off his mother's lap and walked over to the wheelchair. Placing his hand on the man's, he said, 'I know how you feel. My mom makes me ride in my stroller, too.'
