

The Miner's Lamp

Bringing the Light of Service to the Community and the World through Rotary

The Rotary Club of Cumberland Centennial

June 28 20

The world of the world and the poorest of the poor is the & the Miner's Lamp of America
described by the Bible. The Bible says that 22 million people in the country have
denied the people of the world. We need to find a way to get from the
the world and the difference in the world.

As you bring the light of service to the world, you are bringing the light of service to the world.

How do you do it and where there is no one to build a good foundation of
the world's children?

How do you reach the children of the world and the children of the world?
The world is a big and colorful world.

As you bring the light of service to the world, you are bringing the light of service to the world.
The world is a big and colorful world.
